Bill Trackers

Keep track of Federal, New South Wales or Victoria bills as they move through Parliament. Subscribers receive a Daily Bills List each day Parliament is sitting and a Bill Tracker on the Friday of each sitting week, summarising the progress of all Bills before Parliament.

Government Directories

Knowing who and how to contact the person you need will save you time and energy in this fast paced political landscape. Make the process easy with Government Directories, providing you with up to date contact information for the latest Ministerial contacts in the Federal, New South Wales and Victorian Parliament and Government. Updated four times a year so you always know who to contact for your political needs.

Specialist Services

Not every political topic is covered in mainstream news, which can make keeping up to date on these topics difficult. Use CCH Parliament specialist services to collate all the latest updates on your chosen specialised areas of interest. Current specialist areas include climate change and base erosion profit shifting (BEPS).

“Service has been extremely useful and of great value to the organisation in keeping up to date with the sector”
